Technicians play a vital role in the successful operation of Ferguson's business. They provide essential services to our customers, ensuring that their homes and businesses are comfortable, safe, and efficient.

## HVAC Technicians

HVAC technicians are responsible for installing, maintaining, and repairing heating, ventilation, and air conditioning systems. They work with a variety

of equipment, including furnaces, air conditioners, heat pumps, and ventilation systems.

To become an HVAC technician, you typically need to have a high school diploma or equivalent and complete an apprenticeship program. Apprenticeship programs typically last four years and include a combination of classroom instruction and on-the-job training.

HVAC technicians are in high demand, as the demand for energy-efficient heating and cooling systems continues to grow. According to the U.S. Bureau of Labor Statistics, the median annual salary for HVAC technicians is \$56,300.

## **Plumbing Technicians**

Plumbing technicians are responsible for installing, maintaining, and repairing plumbing systems. They work with a variety of materials, including pipes, fixtures, and appliances.

To become a plumbing technician, you typically need to have a high school diploma or equivalent and complete an apprenticeship program. Apprenticeship programs typically last four years and include a combination of classroom instruction and on-the-job training.

Plumbing technicians are in high demand, as the need for skilled plumbers continues to grow. According to the U.S. Bureau of Labor Statistics, the median annual salary for plumbing technicians is \$56,900.

## **Electrical Technicians**

Electrical technicians are responsible for installing, maintaining, and repairing electrical systems. They work with a variety of components, including wires, circuits, and fixtures.

To become an electrical technician, you typically need to have a high school diploma or equivalent and complete an apprenticeship program. Apprenticeship programs typically last four years and include a combination of classroom instruction and on-the-job training.

Electrical technicians are in high demand, as the need for skilled electricians continues to grow. According to the U.S. Bureau of Labor Statistics, the median annual salary for electrical technicians is \$56,900.
