The Routledge Handbook of Philosophy of Humility provides a comprehensive and authoritative guide to the philosophy of humility. With contributions from leading scholars in the field, the Handbook covers a wide range of topics, including the concept of humility, the definition of humility, the virtues and vices of humility, and the applications of humility in different areas of life.

The Handbook is divided into five parts.

- **Part I: Concepts of Humility**

This part explores the different ways that humility has been conceptualized by philosophers. Some of the topics covered in this part include the distinction between humility and modesty, the relationship between humility and self-knowledge, and the role of humility in moral development.

- **Part II: Definitions of Humility**

This part examines the different ways that humility has been defined by philosophers. Some of the topics covered in this part include the distinction between intellectual humility and moral humility, the relationship between humility and self-esteem, and the role of humility in a virtuous life.

- **Part III: Virtues and Vices of Humility**

This part explores the different virtues and vices that are associated with humility. Some of the topics covered in this part include the virtue of humility, the vice of pride, and the relationship between humility and other virtues.

- **Part IV: Applications of Humility**

This part examines the different ways that humility can be applied in different areas of life. Some of the topics covered in this part include the role of humility in education, the role of humility in religion, and the role of humility in politics.

- **Part V:**

This part provides a to the Handbook and discusses the future of the philosophy of humility.

The Routledge Handbook of Philosophy of Humility is an essential resource for scholars and students of philosophy, as well as anyone interested in the topic of humility. The Handbook provides a comprehensive and authoritative overview of the field, and it is sure to be a valuable resource for years to come.
